Meet the *Beauty School Cop Outs!*

It's Savannah and
Scarlett from
MTV's new show!

SO MTV is
launching yet
another reality

show consisting mostly
of young scamps sharing
a house, getting tipsy
and causing all sorts
of mischief! This one is
called *Beauty School Cop
Outs* and in it, eight
aspiring beauty therapists
(chaps, too!) are packed
off to Manchester to
learn the tricks of the
trade. We caught up with
the lovely Savannah
(right) and Scarlett (far
right) who just happened
to be in their undies!

**WATCH IT
ON TELLY!**

*Beauty School
Cop Outs* is
on Tuesdays
at 10pm on
MTV/HD.

**“I’ve always
wanted to
be in *Nuts*
– this is
a dream!”
Scarlett**

SAVANNAH!

SCARLETT!

A full-body photograph of a woman with long, wavy blonde hair. She is wearing a black lace-trimmed bra and high-cut black underwear with thin straps. Her arms are raised behind her head, and she is looking directly at the camera with a slight smile. The background is plain white.

**“A happy
ending?
It depends
on the
customer!”**
Savannah

Hi girls! So how did you both find the shoot?
Savannah: Amazing!
Scarlett:

It was sick, wasn't it? Since I developed boobs I've wanted to be in a *Nuts* shoot, so this is a dream for me! I thought I was going to be really scared and nervous, but as soon as you're in front of the camera you just work it. Everyone's eyes are on you – you feel dead confident.

Savannah: I've always wanted to do a shoot, but I didn't think I'd be very good at one because I haven't got big knockers like Scarlett! But I felt really comfortable on the shoot. I was in my element.

What's the weirdest thing you've had to do in the spa so far?

Scarlett: I've got a degree in PE and sports coaching, so I thought I'd really enjoy the sports massage, but there's loads of long words and stuff. You have to learn absolutely loads of stupid things. There was one technique that I couldn't stop laughing at – because she kept repeating it – called cupping!

Savannah: We couldn't concentrate!

Scarlett: "Cup it hard, cup it hard!" Why do you keep saying that word? I couldn't concentrate on anything else.

Savannah: We also had to tattoo a pig's head. That's the closest thing to practise on that's not human. I don't think we were good enough to do a human's skin.

What did you tattoo on it?

Savannah: Just a bit of a skull. It was like a really hardcore biker pig.

Scarlett: That was absolutely minging when we brought it home with us.

Savannah: They used it as a centrepiece, they put it on the table – it absolutely stunk.

Scarlett: It had eyeballs! It was looking at us – it made me feel sick. ►

**“If a customer got
too excited I’d offer
to leave the room!”**

Scarlett

If a man dropped his towel and he had a back as hairy as a grizzly bear, what do you think you'd do?

Scarlett: I like hair!

Savannah: I like hair, just not too much of it on a man. I think if that happened we'd have to give him a little bit of treatment – a little bit of waxing.

Scarlett: We'd probably have to give him a bit of a trim first!

Did any "gentlemen's waxing" go on?

Scarlett: I had a man bend over in front of me and I had to wax his anus hole.

Savannah: His anus hole?

Scarlett: But the wax was actually cold because we forgot to turn it on. I felt so sorry for the man – he had massive red lumps afterwards because it hurt him so much. I've never actually been up that close to a butthole before.

Thanks for the chat, girls! Finally, what would you do if a customer asked for a "happy ending"?

Savannah: I'd definitely never give them a happy ending if that happened!

Scarlett: I'd say, "All we do here is raise smiles! Not raise anything else – so on your bike!"

Savannah: We're not like that, but then again, it depends who the customer is, doesn't it?

Scarlett: I think that's unprofessional though. You'd probably lose your job. But if you were a mobile masseuse you could, couldn't you? No one would ever know!

Are you trained to deal with that situation?

Scarlett: Well, they tell you to put an extra towel over it if there's some excitement down there. Or you say, "Would you like me to leave the room for a moment?" That way they can calm down!

"I like hair on a man – just not too much of it!"

Savannah

"Out of the way!
It's got dog poo
on it!"

Next-gen *FIFA* 14 first play!

**Nuts gets dibs on
ace updated game!**

➔ **BY NOW** you'll have picked your side in the Great Console War Of 2013™, but there's one thing the Xbox One and PS4 have in common: both shiny new consoles will have an updated version of *FIFA 14* available from day one. But the big question is, if you've already picked up *FIFA* for your current console, is it worth the extra outlay for next gen? The answer is one great stonking yes! Here's why...

IT'S SMARTER!

On current-gen, a player doesn't know about a tackle until they're on the deck. Now, they'll anticipate a sliding challenge and leap over it if they can. And, if two players are about to run into each other, they'll brace for the impact.

While the players
twerked, the ball
sailed over

EYE CANDY!

It's basically the difference between watching telly in standard definition and HD. The attention to detail's mindblowing – you'll be able to see individual blades of grass kicking up off the ground if you scuff a shot!

"Erm, 'If you can read this,
you're too close!' it says.
How weird!"

BETTER HEADING!

You may not even have noticed but in any *FIFA* game so far, when the ball's in the air, there will only ever be two people challenging for a header. Extra graphical grunt means the game can now throw four or five players up.

THE CROWD GOES WILD!

The audience is now made up of zillions of 3D characters, each with their own personality. When the home side scores, three quarters of the crowd will erupt – and they'll all promptly go silent when the away side equalises!

"if you're happy
and you know it,
clap your hands!"

FIFA man speaks!

Producer Nick Channon on all the ace new FIFA tweaks!

Hi Nick! Were you tempted to stick your own face on every fan in the crowd?

"That'd be cool! We've never had the processing power before but putting people there is huge. We've even lowered the camera angle so you can see more of the crowd."

I'm sure we could ask Lucy Pinder to model for next year's crowd...

"Ha! I'll let you know."

Does the new Xbox Kinect work in the game? Can you stick your own face on your Be A Pro player?

"No, this year it's just voice. There are features that'll let you change tactics, the camera, or make a substitution so you don't have to break the flow of the game."

Have the tweaks made big differences? Which teams benefit more?

"We wanted the game to feel different – that's the point of going to a new console – but with teams, we wanted the balance to be the same. The best teams in the world are the best teams in FIFA."

By next year you'll be even more familiar with the consoles – how much further can you push them?

"As we learn more about the hardware, there'll be lessons we learn. I'm proud we've made an amazing FIFA game for day one of these consoles."

MORE ANIMATIONS!

There are player animations like chest passes and dinks, and now, your man will volley when you want him to instead of switching to a header and vice versa. There weren't enough volley animations before – now there are!

Pienaar always crept up on his free-kicks!

Verdict!

The new crowds, smoother animations and powered-up graphics make playing *FIFA 14* on new consoles closer to the real thing than ever! Plus, at GAME and Amazon, you can trade in your old *FIFA 14* for the next-gen for a tenner, so it won't bust your wallet.

Football on ice was quite the spectacle

Man on fjord!

Someone tickle him!

WHAT DID you get up to last week? Eskil

Rønningsbakken set up a frame balancing on the edge of the 2,000ft drop in Preikestolen, Norway and then did a one-handed handstand on it. And to make it even more challenging, he did it in a silly, red onesie! Beat that! (Not you, Fulham striker Pajtim Kasami.)

Dalek swung his nipper in a circle!

Eskil's previous!

- In January this year, Eskil stacked up three chairs on the side of the Flydalsjuvet cliff in Geiranger, Norway and did his trademark handstand. This time in a gold onesie.
- In April 2009, he cycled – backwards – on a tightrope over another fjord, in just his pants.
- In March 2007, he managed to balance on a 60cm by 35cm ice cube, strung between two ropes, 1,000ft above a glacier in a Norwegian national park. Because why not?
- Eskil's current goal is to do a handstand on the 830m-tall Burj Khalifa. Experts think the winds at the top of the tallest building in the world will make this impossible.

Spot the Ferrari!

It's over £36m-worth of Prancing Horses!

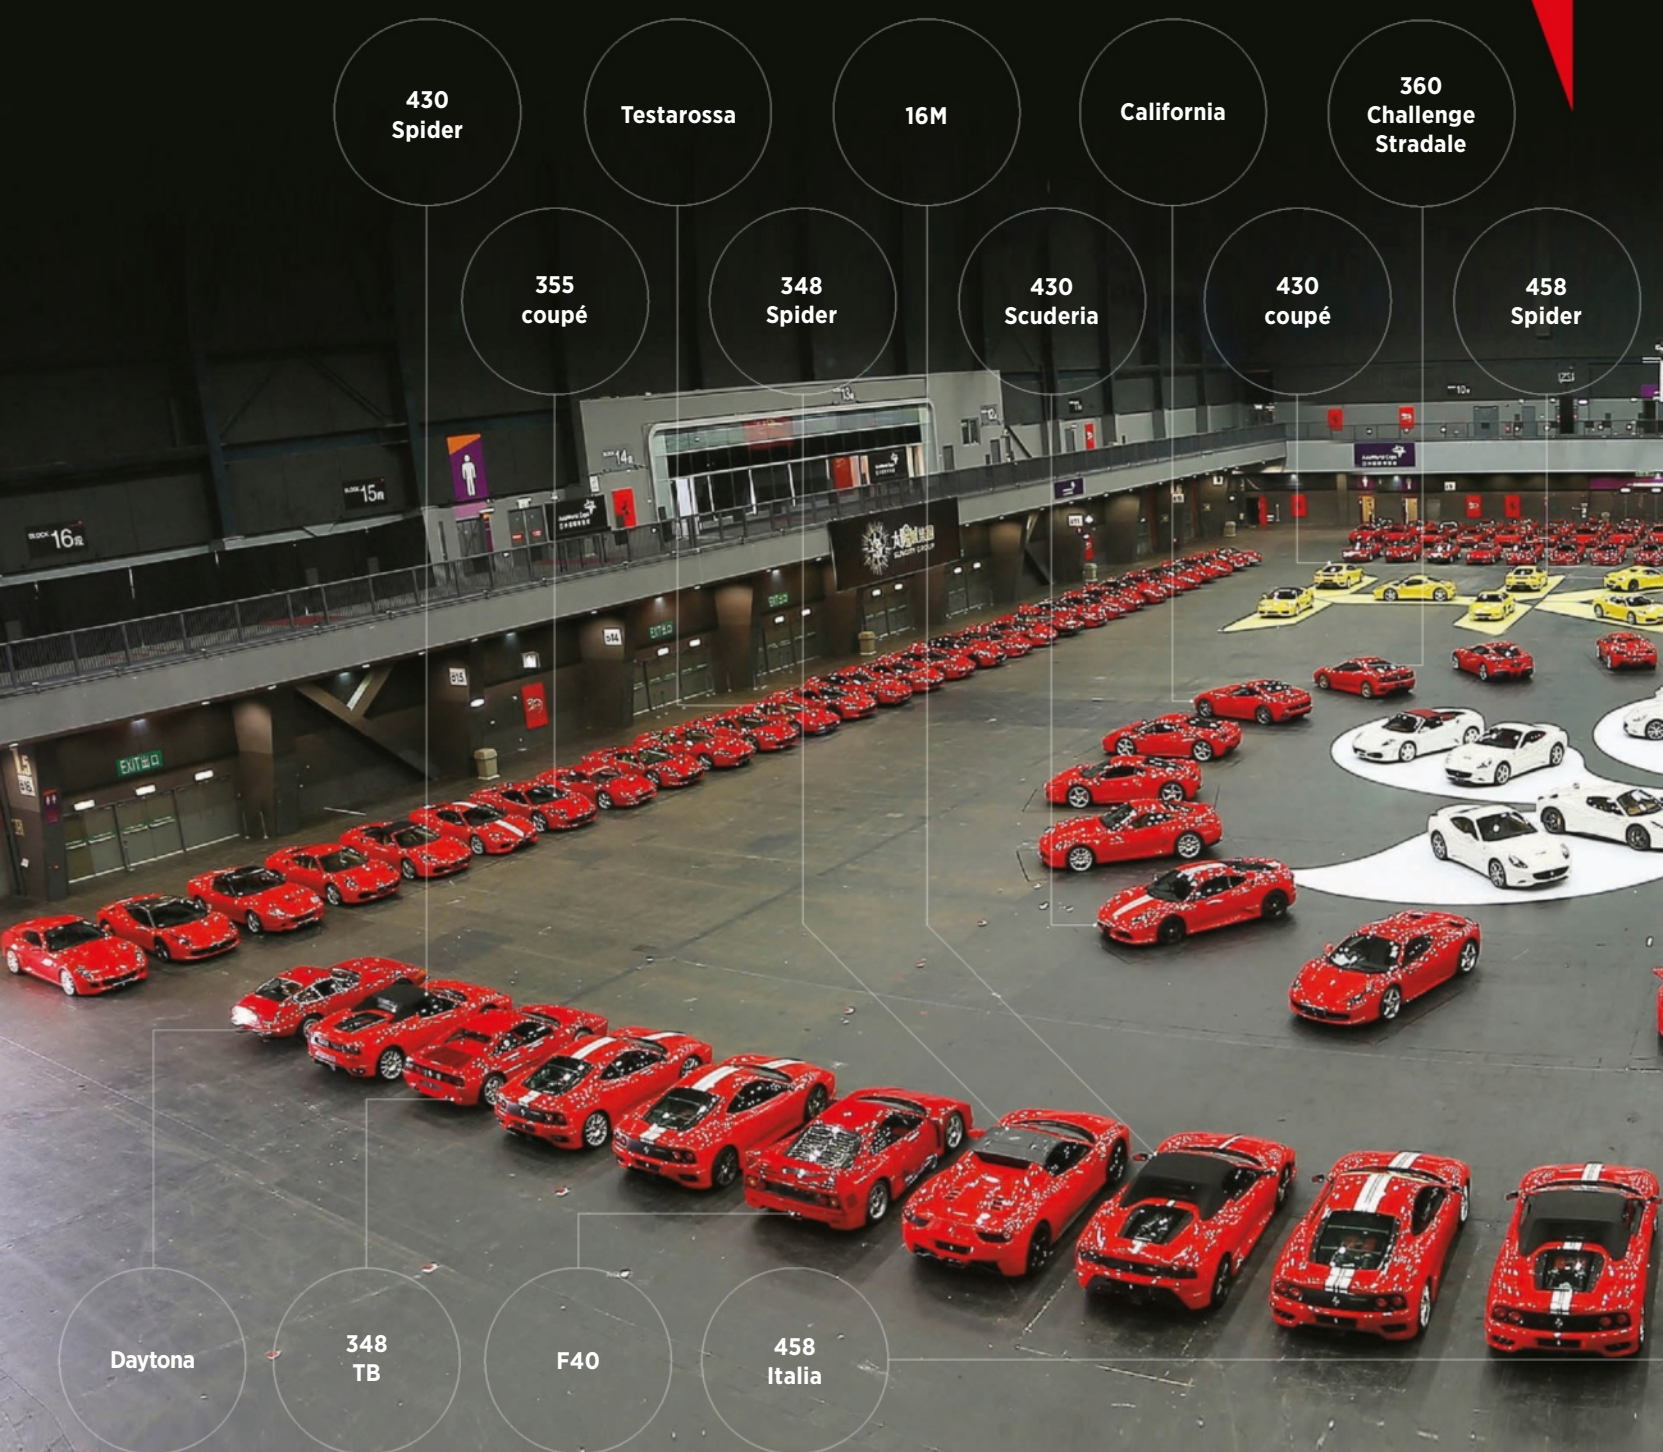

AS SUPERCAR willy-waving contests go, we've seen few better, as Ferrari Hong Kong celebrated 30 years there with this bash. Over 600 Ferraris turned up to the event, with the best 187-odd chosen to spell out HK30 and create the island's five-petal flower. Impressive.

Bonus fact! The average age of a Ferrari owner in China is 35. We're not sure if that makes us sad or happy!

A quick word with Chris Hemsworth & Tom Hiddleston!

It's top bantz galore with warring brothers and bad-ass Norse gods Thor and Loki!

➔ **Hi chaps! After three films together, are you sick of the sight of each other or is there a bit of a bromance brewing?**

Chris: We're great friends, and we just pick up where we left off. We're lucky, we have great chemistry.

Tom: Ahhh, I love you, man!

Are you as competitive with your real-life brothers [actors Luke and Liam Hemsworth], Chris?

Chris: Well, at least neither of them have attempted to take over the universe yet! I'd give them the Thor treatment if they did! We're competitive in everything from back-garden cricket to who's got the remote when we're watching TV. But in the movie industry? Not so much. We help each other with auditions and scripts we're working on. We're not in direct competition, so it's a big team effort from the Hemsworth brothers.

Looks like you guys have fun playing feuding brothers.

Chris: When we're in a spaceship exiting Asgard [Thor's home planet], Tom and I wanted it to feel like when you're in the back seat of a car, squabbling with your siblings.

Tom: I've actually been on a road trip with Chris and

Liam. They don't stop! It takes Luke to bang their heads together and say, "Shut up!"

You've called London the new Hollywood. What do you love about filming in Blighty?

Chris: Hollywood is mainly sets and studios but in London, there are brilliant locations to take advantage of, as we did with the climactic scenes of *The Dark World* which were shot in the grounds of Greenwich University.

Geek expo Comic-Con went nuts for Loki... Why do you think the fanboys love him even more than Thor?

Chris: Ouch! It might not have been the original plan to have Loki come back but Tom brings an incredible mixture of strength, villainy and vulnerability which means you can easily empathise with this misunderstood guy.

Tom: I really do love you, man! Loki and Thor are like yin and yang, the sun and the moon. The immense popularity of the character has been an amazing surprise. I never expected it in my wildest dreams. It's fascinating to play the god of mischief. And he's such a broken character – bitter, jealous, grief stricken, angry, lonely and proud. The cocktail of his psychological damage and his playfulness makes him really interesting to portray.

"I'd love to see Loki on Earth running a club in the '70s!"

Tom Hiddleston

With all the spaceships and silly costumes in your flicks, is it hard to get serious with your characters?

Chris: Anthony Hopkins [Thor's dad, Odin] said something to me on the first *Thor* film. He walked on to this fantastic set in full costume looked around and said, "No acting required here!" **Tom:** We're travelling through space and time dealing with gods and monsters but at the heart of it, it's a family story.

Sounds like *Home And Away*! But is Loki really evil or is he just a big jealous baby throwing his toys out the pram?

Tom: I've played him three times and it's a question I've asked myself three times! I think every villain is a hero

in his own mind. People make choices and always justify them no matter how misguided their motivation. The great thrill of the character is that he didn't start out bad. He was once a young prince who believed in his right to the Asgard throne but discovered he was adopted, having been left to die on a frozen rock. This is what really breaks his heart, and all of his bad guy credentials come from this, something deeply vulnerable. That's a gift for me so I can play the dynamic with Chris across the films and we can discover to what extent Loki is redeemable. Can he be pulled back towards the light? **Chris:** Yeah, what Tom said! How do you *know* so much about this stuff?

Your next iPad!

Dear Santa...

APPLE HAS managed to cram five iPad launches into three years and yup, just in time for your lists to Father Christmas, they've

unveiled this, the iPad Air – their smallest, thinnest, bestest yet. Starting at £399, it retains Apple's crown as the don of the tablet. Here's why you want one...

IT'S SVELTE!

At 1lb (454g), it's 20 per cent thinner (7.5mm) and 28 per cent lighter than the last one. Choose from a 16 up to a 128Gb.

IT'S TECHY!

An HD camera does FaceTime in HD, the back holds a 5MP camera, dual mics filter noise and two aerials help with Wi-Fi and 4G.

IT'S ZIPPY!

The A7 chip runs a "64-bit" build that's more like a PC and the M7 coprocessor regulates usage, so you get a ten-hour battery life.

"I wonder if this can be used to crack walnuts..."

Could we see Loki in his own movie one day, Tom?

Tom: The idea that there could be a solo Loki film is such a massive compliment, but I can officially tell you there's no movement on any such thing. If it ever came around, I'd have to have a big brainstorm with [Marvel bigwig] Kevin Feige on it. But Loki defines himself in opposition to Thor: there is no Thor without Loki and there is no Loki without Thor. But I'd love to see him out of context – on Earth in the '70s, running a nightclub playing lots of Rolling Stones records. Those are the kind of harebrained ideas I have!

Topless £3.3m Lambo Veneno roadster!

Lamborghini cut the lid off its 220mph supercar, with plans to build just nine!

- This is the tongue-tugging, carbon fibre origami-styled new Lamborghini Veneno Roadster. It is the topless version of the coupé revealed to us back in March at Geneva's annual filthy car porn fest.
- But where the coupé was limited to a production run of just three, this will have nine, each costing a shade over £3.3million.
- Despite the price, it's roofless, which Lambo says "guarantees an intense driving experience". But it costs over ten times the Aventador it's based upon, with the same 6.5-litre normally aspirated V12 – albeit with 50bhp more.
- The Lambo's killer looks have been purely designed in the quest for minimal drag, perfect downforce, cooling and aerodynamics. Every slash, angle and duct is to ensure it does 62mph in 2.9 secs, up to 220mph.

"Finally! A place to stash my Toblerones!"

● **The chassis and bodyshell have been made out of either pure carbon fibre or CFRP (carbon fibre reinforced polymer), meaning the car's supremely rigid and light.**

● **Even the design of the trick wheels was chosen by the wind tunnel, featuring a carbon ring around the wheel rim to act like a turbine to shove cooling air through the carbon ceramic brake discs.**

● **Take a peek inside and you can see there's a monocoque**

chassis around the transmission tunnel and sills.

● **Two bucket seats are made from Lamborghini's patented forged composite material, while a woven carbon fibre "CarbonSkin" clads most of the innards.**

● **It makes you realise how off the scale Lamborghini can get compared to Ferrari and McLaren. It's the most expensive new car in the world, and it has all the head protection of Wayne Rooney!**

"What? No cassette player? P'ah!"

'My triceps muscle was hanging out of my arm!'

Torn arm nastiness for this chap!

IS THERE nothing in this life that's safe? Well, as you

know if you read this page regularly, no, there isn't. Even walking the dog can be hazardous, if you're Alfie Burr, 18, from Rainham in Essex. He explains...

"I was playing football with my dog when the ball went over the 10ft-high iron fence that surrounds the park. To get onto the other side, I climbed a flimsy tree that stood alongside it. As I inched over, it snapped and my arm got caught.

"When I checked my arm, what I felt was horrific. Half my triceps muscle was out of my arm – I had to push it back in! Luckily, I was close to home, so my dad arrived with a towel to wrap around the wound. There was a concern that I'd lose my arm, or the use of it but my op was a success, thankfully. The image of my arm looking like this will remain with me forever though."

Well, nothing like getting a picture of it in Britain's favourite men's mag to help you forget, eh, Alfie?

DAVID CAMERON dies and goes to heaven. As he stands in front of the pearly gates, he sees a huge wall of clocks behind him. He asks, "What are those clocks for?"

Saint Peter replies, "Those are 'lie clocks'. Everyone on Earth has one. When you lie, the hands move. This one's Mother Teresa's. The hands have never moved, so she's never lied. That one over there is Abraham Lincoln's. It moved twice, so he only lied twice in his whole life."

"Interesting," replies Cameron. "And unless I'm very much mistaken, I don't seem to have one."

"Oh, you do," replies Saint Peter. "It's in my office. I'm using that f**ker as a ceiling fan."

"Well, I'm in the pub next to that shop," he says.

Hello Chanelle!

The boob-tastic babe presents
some seriously saucy snaps!

CHANELLE HAYES

**“The reaction
to *Nuts*’ 500th
issue on Twitter
was great!”**

Hi Chanelle! How are you today?
I'm very well, thank you.
Trying to get myself prepared for winter. It's been a bit horrible, hasn't it? It's been chucking it down lots where I live. Bring back the summer!

We'll try! Were you happy with your sexy shoot in our 500th issue the other week?

Yes, I loved it! It all looked fantastic. You all did so well. Anyone can see the amount of work that goes into creating something like that. The reaction on Twitter was great. I thought it'd sell like hot cakes. And that's not a pun because I baked a cake for the issue!

Ha! Today's shoot is a bit on the risqué side, isn't it?

It certainly is! But I love it. It's all very glamorous. I always feel a bit spoiled and pampered on sexy shoots like this.

Do you enjoy letting your raunchy side loose for a shoot like this?

I do! It's so good to be able to let my hair down. The photographers don't half put me in some compromising positions, though. I can't move now, my back muscles keep going into spasms! I must've done myself an injury when I was lying on my back, ha-ha!

Oh dear! Aside from being a bit back-breaking, how sexy do shoots like this make you feel?

It's so much fun! It's always a great day, I have lots of gorgeous outfits to try on. Best of all, the locations are really nice and you get to wander around someone else's posh house pretending it's your own!

If you could let your imagination run wild, what sort of thing would you introduce to shoots like this?

Could they get any wilder? I think we've done pretty much everything – indoor, outdoor, upstairs, downstairs, clothes on, clothes off... ►

A woman with long, dark, wavy hair is posing in a room. She is wearing a black strapless bra with lace detailing and black high-cut underwear with thin straps. She is also wearing black thigh-high stockings. She is smiling and looking towards the camera, with her right arm raised behind her head. The background features a wall with a grey and white damask pattern. To the left, there is a white piece of furniture, possibly a dresser or chest of drawers. To the right, there is a white ornate metal stand or table.

**“I watched lots
of *Sex Box*.
Who thought
that one up?”**

Do you ever read our Ladies Confess page?

Not as often as I should do! I'm having a think about what I could write in... I've done a lot of things, but nothing I'd want to confess to doing! A lady never tells, ha-ha!

Fair enough! What's the sexiest thing you've been watching on telly recently?

I like watching things like the *Great British Bake Off*. They aren't very raunchy, are they?! But I have been watching *Nikita*. That rocks! How can anyone not be into hot chicks with guns? All the girls in it have gorgeous bodies and are always fighting each other. I recommend it.

We'll definitely look out for it! Do you think there's enough sex on TV?

Well, have you seen *Sex Box*? Where people get in a box, have sex, then go and talk about what they've done? Who thought that one up?

We haven't seen you on the box in ages. Which TV show would you love to do in 2014?

I know it's not very sexy but I'd love to do *Coronation Street* or *EastEnders*! Just don't ask me which one I prefer. I love them both the same!

Have you seen any good movies recently?

I saw *Rise Of The Guardians*, and it's officially amazing! I can't wait to watch it again!

Clearly we're settling into autumn now – do you think sex is better in summer, or in the colder months?

It shouldn't really make a difference. If you're good enough at it, it should be good all-year around!

Indeed it should! What do you do to stay warm in the colder months?

Well, the other day I was getting a cake out of the oven, without a bra, and I burned my boob! That warmed me up, I can tell you! ▶

Do you have many boob accidents like that?

No, that was the first one. And hopefully the last!

Can you give the chaps who read *Nuts* a bit of never-fail sex advice?

Yes. Get over yourselves and ask your woman what she likes and what she wants. It's no good asking me what she wants! How would I know?!

Er, OK! Do you ever have rude dreams?

No, very rare. I tend to have more weird dreams about giant rabbits and stuff. Given the choice I'd prefer to have more rude ones! Or maybe I do and I just forget quickly. Perhaps I should keep a dream diary for a while and send it into you guys!

What's the most risqué bit of clothing you own?

As you can probably imagine, I have lots of sexy clothes! My favourite is a giant ribbon, which barely covers my bits. The idea is I take it off and there I am, unwrapped for Christmas!

Are you a fan of dressing up?

I have been known to, yes. Especially for things like Halloween and Christmas. It's just a bit of fun, isn't it?

Which of your fellow *Nuts* babes would you love to see in the buff?

Well, seeing as Holly Hagan has had her boobs done, I'd love to get my hands on those little bad boys! Perfection can still be polished, you know!

Which lady celeb do you have a girl crush on at the moment?

I love dark, Latina-style ladies, so either Eva Longoria or Salma Hayek. Maybe both of them together?

Good call! Finally then, how often do you get recognised in the street?

Hardly ever! I think I'd get more attention if I walked around with my top off!

A close-up portrait of a woman with long, dark, wavy hair, looking over her shoulder with a slight smile. She is wearing a strapless top. Her hand is visible, resting on a light-colored, fluffy object. The background is softly blurred.

Vs the Nuts Question Bucket!

The silky-smooth side-splitter doesn't lose his cool over *Nuts*' legendary probing!

The rules are simple. We fill our bucket with silly questions and a famous type picks them out at random and answers them!

Are you calm and collected like you seem to be on TV?

"No? Yes? I'm calm because I'm in a country where the accent means I understand people better if I'm quiet and I listen. I wish there was some greater science to it than that."

Do you watch someone who is very manic on stage like Lee Evans and get jealous?

"Yes. I'm missing that critical dose of speed."

Have you ever been interviewed by a bucket?

"No, but I have been interviewed by the intellectual equivalent of a bucket."

Lots of comedians tell us their first gig was a nightmare. How was yours?

"You know what, I did it as a dare. Someone said, 'I dare you', so I said, 'OK'. It went very well. It was probably necessary that I wasn't that hungry to do stand-up. If it hadn't gone well, I probably wouldn't have tried it again."

What do people shout at you in the street when they recognise you?

"'Levi Roots' or 'Lenny Henry', but not so much since I grew the beard. Britain's not a very shouty place. If you go outside and shout right now, 600 people will go, 'Whoa, none of that is necessary.'"

Do you make yourself laugh when writing new gags?

"They actually take sweat, I agonise over them. There

are times when you end up including jokes you half wrote three years ago but didn't have the 'whatever' to finish. Sometimes you just sit around for a few days thinking about stuff and before you know it, you've got sh*t to say."

When you're on all those panel shows, are you really getting fed witty lines through an earpiece?

"What earpiece? You're thinking of the host of the show. On some shows, they tell you what the subject matter is but they don't actually give you any real details. They're primarily interested in riffing round the subject. They shoot for two hours and take 24 of the best minutes out of that. Then hopefully, everyone will look good!"

Why aren't you as famous in your native US as you are here in Blighty?

"They make nothing of me in America. Why? Lack of relevance to their lives. I haven't made enough money to be seen around the world yet. I find now, in a lot of countries, people don't give a sh*t about me. Why did I choose the UK? I had a feeling when I got

here that I'd be in these types of interviews, being asked all these kinds of questions, and knew this was the place for me."

With your silky-smooth voice, do you get offers to do voiceovers for adverts?

"I don't get a lot. Silky-smooth, as you describe it, may not sell an all-terrain vehicle or baby diapers. What would I be able to sell? Dreams, a chance for tomorrow, stuff like that."

Who was the last celebrity you saw naked?

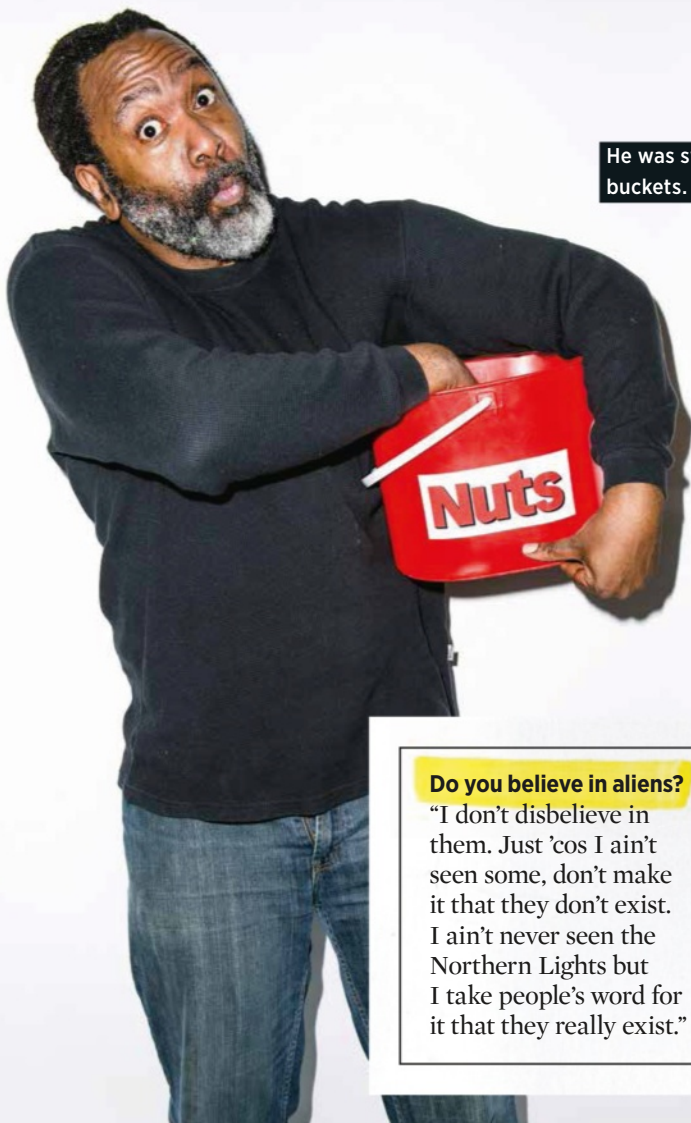

"I don't spend a lot of time around naked people in general. Do you? Are you talking about porn or something? No? Sitting around in the green room, Kate Moss strolls through all naked, closely followed by Jeremy Clarkson. Oh, they're crazy, those two..."

What's the worst thing you've read about yourself?

"There was a review of me a few years ago that called me the black Bernard Manning [a famously politically incorrect comedian from the '70s]. That was the worst and the best review I've ever got at the same time." ▶

"What's my sexy outfit of choice?"

He was sweating buckets. Literally

"Smells like gouda"

Do you believe in aliens?

"I don't disbelieve in them. Just 'cos I ain't seen some, don't make it that they don't exist. I ain't never seen the Northern Lights but I take people's word for it that they really exist."

TV FUNNYMAN!

"And the winner of the village fête raffle is..."

"A missive from the National Union of Teachers? Interesting..."

Your new tour is called *In The Midst Of Crackers*. Are you going crackers?

"I feel like I am. Crackers is a triple entendre. Expect constant intellectual emotion and humorous, demon-dog pressure."

This is the End!

If you were facing Armageddon like Seth Rogen and pals, what grub would you plump for?

→ Ace apocalypse comedy *This Is The End* includes Seth Rogen, Jonah Hill and James Franco as a group of stars facing the end of the world with only limited supplies to survive on. If Armageddon was about to drop, how could the average chap possibly pick a last supper? We devised the *Nuts* Apocalypse Chow Test to help...

The scene that inspired this page!

The moment when the *This is The End* gang hole themselves up in James Franco's mansion and discover what supplies they've got to see them through the apocalypse only to get obsessed with a chocolate bar is one of the funniest in the film. Here's that scene...

Jonah Hill: Umm, can I have that Milky Way?

James Franco: No, you can't have the Milky Way. That's my Milky Way. I went out this morning and specifically bought this Milky Way to eat after my party.

Jay Baruchel: That's weird.

JF: It's not weird. It's my special food. I like it. Back me up on that, Seth.

Seth Rogen: I don't think you should get the whole Milky Way. I want some of the Milky Way.

Craig Robinson: I'll be pretty bummed if I don't at least get a bite of the Milky Way.

JF: Oh now Craig wants a bite of the Milky Way.

CR: Yeah, I want a bite of the Milky Way.

JB: Everyone gets a fifth of everything.

JF: I want one fifth of your T-shirt. I want the bottom part, the belly.

CR: I'm not sporting a crop-top in your house.

JF: I'll cut that off, make a headband.

CR: You couldn't handle my midriff.

JH: Guys, the only issue is I kinda need the Milky Way. You know, for real, I have low blood sugar and if my endorphins drop too low I'm going to be a nightmare to be around.

JB: What!?

JF: Your LBS starts acting up you can have a finger scoop of Nutella.

SR: One finger scoop of Nutella.

JH: Fair.

JF: I'm going to bed now. Keep your fingers off my Milky Way, Jonah!

Nuts Apocalypse Chow Test

Answer yes to all four questions in each category and you've found your final food!

Roast dinner!

- ☐ Is your mum the best cook in the world?
- ☐ Is the phrase meat and two veg more likely to make you hungry than snigger?
- ☐ Can any meal (with the possible exception of Coco Pops) be improved by slathering it in gravy?
- ☐ Would you preferably like the end of the world to turn up just after lunch on a Sunday?

Verdict: Whether it's beef or chicken you love a roast, like **Red Kemp**, James De Gale and Maverick Sabre who all love to pass the sprouts. Just don't be in the same room when they do!

Pizza!

- ☐ Do you like cheese on toast?
- ☐ Do you like the food on your plate to be bigger than your head?
- ☐ Do you believe any meal can be rendered exotic by the application of freshly ground pepper from a mill the size of a dog's leg?
- ☐ Are you as happy eating on a sofa at home as you are in a restaurant?

Verdict: Congratulations you're a pizza man, just like fun guys **John Bishop**, Rufus Hound and Jason Manford who presumably all like mushrooms on theirs. Mushrooms? Fun guys? Well get our coats!

Curry!

- ☐ Do you like to order more food than you could ever possibly eat?
- ☐ Can you eat anything, no matter how spicy, even if it makes you sweat like a *Nuts* hack at closing time.
- ☐ If you could, you'd start every meal with a big plate of oversized crisps?
- ☐ Are soft drinks best avoided at meal times in favour of gallons and gallons of ice-cold lager?

Verdict: You're definitely a curry naan, sorry man, just like Amir Khan, Miles Kane, and **Russell Kane**. Who all enjoy their spicy food and are all related. Probably.

Fry-up!

- ☐ You think breakfast should be so big that it includes at least half a farm.
- ☐ You believe the real reason French people lose wars is because they start the day with nothing more than a curly roll and a fag.
- ☐ You also believe fried bread helps blood flow by "greasing" the arteries.
- ☐ You like any dish where it's possibly to make a smiley face out of its ingredients.

Verdict: You're a patriotic fry-up kind of fella, like Freddie Flintoff, swearsy chef Gordon Ramsay and his mate **David Beckham**. This is grub that makes you HP!

Meet Lana!

Gents, meet the
sexy stunner
from Surrey!

NEW BABE LANA

NEW BABE LANA

Hi Lana! How was your first shoot for *Nuts*?

Awesome, thanks! There were lots of other girls swanning around all sexy and glamorous and I was sat there watching and enjoying myself.

Why did you want to be in *Nuts*?

Nuts always has the hottest new girls. I flick through it every time I'm in the shop... I don't half get funny looks!

Where should blokes take you on a date?

I'm really bad on dates so I hardly ever go on them. I'm so clumsy when I'm nervous! I'm petrified of awkward moments so something fun and crazy to break the ice would be perfect, or a group date with friends to get to know each other better.

What's the funniest thing you've done when drunk?

My friend and I always snog each other when we get too drunk – I don't know why we think it's a good idea! Once a DJ actually stopped the music to point out to the whole club what was going on and we didn't even stop! We were invited back to someone's boat once. We were expecting a yacht, but it just turned out to be a random little fishing boat! It was really smelly and had loads of men sleeping in hammocks – we couldn't leg it off there fast enough!

What's your favourite TV show?

I'm addicted to *Britain's & Ireland's Next Top Model*, *Geordie Shore* and *The Real Housewives*. Oh, and *Top Gear*!

What's on your playlist?

The most played song on my iPod is *Pieces* by Chase And Status. I love dubstep but I like everything from drum and bass to rock. Rage Against The Machine's *Killing In The Name* never fails to get me going. Imagine a world without music... I don't think I'd ever leave my bed! ▶

CONFESSION OF THE WEEK!

'Lady-friend turned frisky!'

ONE NIGHT, a girlfriend and I decided to have a wild evening out. We hit a few bars before heading to a club. When we were dancing, my friend suddenly began grinding against me, which turned me on. I tried to hide it, but as I felt her hand slide up my thigh, I couldn't resist it and I dragged her to the toilets. She pushed me into a cubicle and slipped her fingers inside me. I tried to stifle my moans, but soon she was pleasuring me with her tongue. I screamed out in ecstasy. We're going to go clubbing together more often!

Emma Bristol

'I was rude at work!'

I RECENTLY bought a new pair of skin-tight jeans, and they're

particularly taut around the crotch. If I rock backwards and forwards, they rub against my clitoris and turn me on. I keep finding myself doing this on the train, or even at work! The other day, my boss sat down at

the desk opposite me to go through some admin. It was very tedious, so I slunk down in my chair and slowly started gyrating my hips. I nodded at him every now and again, but my mind was somewhere extremely filthy. As I rubbed the spot one more time, I knew I was about to come, so I closed my eyes and lent forward in my chair to hide my orgasm. As I looked up, he was staring at me, looking concerned. Red-faced, I gasped, "I've got cramp in my foot!"

Sara Leeds

'The bathroom got steamy!'

MY FIANCÉ and I were at his house one night when we started to get intimate with one another. His parents were in, but it was hard to keep our hands off each other. One thing led to another, and we dived into the bathroom so that I could give him oral sex. I started by licking his balls and then I began slowly caressing his shaft with my lips. Suddenly, we heard a startling noise, and he slipped backwards into the bath with his erection pointing sky high! His mum had tried opening the door, and asked us what we were doing. It ruined the moment, but it was a taster of things to come later on!

Mary London

'His hand was in my pants!'

EARLIER THIS year, a male friend of mine invited me to the pub to meet his mate, who he thought I'd fancy. The guy was hot, and we were soon squashed into the corner of a booth, chatting. There was clearly a sexual spark between us, so we couldn't resist having a bit of fun under the table. I stroked his leg, and he put his hand up my skirt. I looked deep into his eyes, daring him to go further, especially as all of his mates were sitting right next to us! He slid his fingers into my panties – he could feel how horny I was for him. Needless to say, we didn't stay in the pub for long! We made our excuses and left for some of the hottest sex I've had. We've been an item ever since!

10 RUDE QUESTIONS!

And a real girl to answer them!

Dani

23 Hampshire

1 Where's the strangest place you've had sex?

"That would have to be on holiday in the sea. It was the middle of the day and there was a beach full of people. The waves helped disguise us a little, but we couldn't really let rip. What made it really hot, though, was the thought of getting sussed out and knowing people were watching."

2 What's your trademark move in the bedroom?

"I'd have to say I'm a massive tease. In fact, I love to tease by getting a guy really worked up so when it comes to it he's all fired up. I like frisky sex. I like to work up a sweat!"

3 What really turns you on?

"A big turn-on for me would be if a guy smells sexual. The thought of it alone is a massive turn-on! A good aftershave does amazing things to me, too. That definitely starts to build up the all-important sexual chemistry."

4 What's your favourite position?

"I like a few, but good old doggy-style never seems to fail with me. A bit of bottom slapping always guarantees a happy outcome for me."

5 Is it better to give or to receive?

"I love oral sex – who doesn't? So I definitely give to receive or share pleasure together."

6 What one thing would you really like to try but haven't yet?

"Well, I really want to learn proper pole dancing, so I think it would be fun to strip for a guy and give him a lap dance. Him not being allowed to touch you while you tease him for a while would be a massive turn-on."

7 What's your sexy outfit of choice?

"There are so many fun ones to choose from. They're just for a giggle though, aren't they? I actually really want someone to dress up for me. It would be good to instigate a role-play where he can do some very rude things to me!"

8 What's the rudest thing you've ever done?

"I think an exciting one was for an ex's birthday. I bought a kinky crotchless underwear set. I booked a nice restaurant and wore my new underwear underneath a dress that undid from the front. After dinner, when we got back to his car, I told him to unzip my dress. I'm pretty sure you can guess what we got up to!"

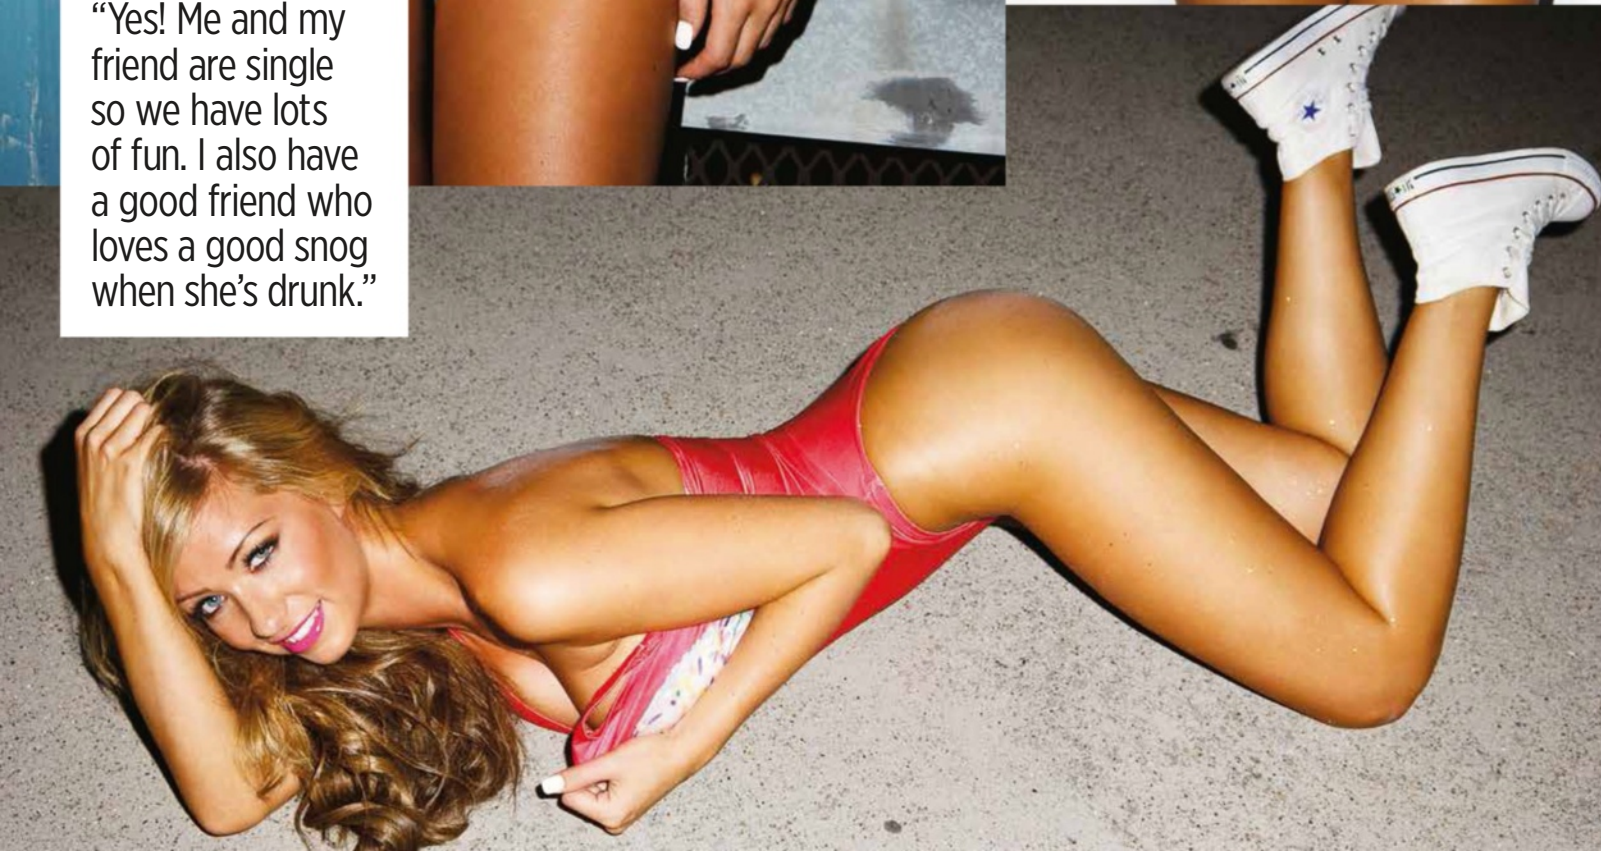

10 Have you ever made a sex tape?

"No, but never say never. I think it would be really hot to watch yourself back. I don't think I'd get to the end of the tape, though – I'd just end up horny again!"

9 Ever got it on with another girl?

"Yes! Me and my friend are single so we have lots of fun. I also have a good friend who loves a good snog when she's drunk."

ARSENAL VS LIVERPOOL!

Giroud: 'I work my arse off for Arsenal!'

The French hitman on the Gunners' title claims!

➔ **Hi Olivier! How does it feel to suddenly be a fan favourite?**

It's great, obviously. When you come to a new club like I did last season, people are going to be unsure of you. And I was replacing Robin van Persie – that ain't easy!

What was it like to replace someone of that stature?

It was a pressure situation, for sure. This is a player who had been at Arsenal for a long time and played great for most of it. Maybe I put too much pressure on myself because of it – I should have relaxed more. But ultimately, I'm satisfied. Under the circumstances, I did OK. Not amazing, but OK.

Did the criticism hurt you?

I thought it was unfair as I was new to the team and the country and was working my arse off! But I've always been a fighter and trusted in my talent. Things worked out OK.

But you turned things around and have even got your own chant now!

Ha-ha! It's fantastic. To know the fans love you is important for any player, especially a striker, because it gives you confidence on the pitch. I'd like to think I'm now showing what I can do for this great club. More than anything, I'm playing with a smile on my face, and I believe that it's showing in my football.

You've also showed that you're more than just a target man...

Yeah, there's more to my game than that. I can bring others into the game but also score good goals. I'm hungry to improve too, which is an important element for me.

Is it true you always wanted to play for Arsenal?

What you have to understand is many youngsters back in France have a special relationship with Arsenal

because of the French connections – all the great French players have played here. I also knew that this was a club with really great traditions that aims to play good football and has real ambition. So yeah, the great opportunity to play here is a dream for me.

Playing ahead of someone like Mesut Özil must be a bit of a treat, too!

Wow, what a footballer! Already he's shown his quality, and the impact he's had on our side is fantastic. He was the perfect signing, someone we really needed, and it showed that we're real contenders. We enjoy a good

understanding together which will only get better and better with time.

Can Arsenal end their trophy drought this season?

We're all here to win things so I don't see why not. We've improved as a team, signed a special player in Mesut and individually increased our performances as players. We've started well too, which is something we failed to do last season. You've got to be mad to make predictions in football, but I believe that we have the right players to compete all the way for the title and win other trophies. If you don't believe that, then what's the point?

"Where did that ball come from?"

"I shouldn't have eaten those meat pies earlier"

Gerrard: 'I'm living the dream!'

Liverpool's skipper looks back on his career!

Hi Stevie! First of all, big congratulations on reaching 100 Premier League goals!

Premier League goals!

It took a while, didn't it? I'm just pleased it's out of the way so people can talk about something else!

In all seriousness, it's quite a milestone for a midfielder.

Yeah, it shows I've been playing at the top for a while and been pretty consistent, so that's pleasing. But the success of the club means more than individual honours. Maybe when I finish playing I can look back and think, "Stevie, you did alright there," but at the minute, I'm totally focused on getting Liverpool back to where we belong.

You mention life after football, but there's no sign of you slowing down!

Well, I feel good and as captain, I'm pleased I can still put in the performances. I've not really had to change my game since I turned 30. I've got more experience now so naturally you change the way you play because of what you've learnt. Age isn't an issue for me – I've got a couple more years in me yet.

What kind of captain are you?

I'm not a ranter and a raver but I do talk to the lads and pass on my experience when it's needed. My job is to set an example and make sure everyone knows what it means to play for Liverpool.

You and your teammates have made a promising start to the season. Can you sustain a decent title challenge this season?

OK, the fans are desperate for some success in the league so there's going to be lots of talk about winning titles and stuff, but the players – although positive and optimistic – aren't getting carried away. Our first goal is to get back in that top four and qualify for the Champions League. Anything after that would be a bonus. This club needs to be competing in Europe every season.

Tell us your thoughts on your SAS combination up front.

We're lucky enough to have plenty of quality throughout the team. Everyone knows how highly we rate Luis – he's one of the best in the world – and Daniel has come in and has found a place where he can express himself. I think we're going in the right direction.

Do you still get the same thrill pulling on a Liverpool shirt as you always did?

Absolutely, 100 per cent. I know I have a responsibility, to the fans and the people of Liverpool. I'm captain of a club I supported as a boy. You don't take something like that lightly.

He fights the paparazzi!

Not long after the toilet incident (see above right), he was fined £390 for urinating outside a New South Wales nightclub. Less than a month later, he attacked a paparazzo, tearing off the man's camera and throwing it to the ground, smashing it. "It was a moment of frustration," said a spokesman for Sonny Bill's club at the time, the Canterbury Bulldogs. "Sonny doesn't see himself as a celebrity but other people do."

He bonks models in toilets!

In 2007, he was photographed enjoying a little nookie in a bar toilet cubicle with Candice Falzon, an Australian model and Ironwoman competitor. "I got a text saying Candice had followed Sonny Bill into the toilets upstairs at the pub and everyone knew about it," said one local. "The next message I got was an... um... action shot." Sonny Bill's response? To buy up all the newspapers in his area in a vain attempt to conceal the tryst from his missus!

He's a doofus!

In 2004, a rugby fan came to his rescue by giving him some petrol after his car ran out. Rather than pay him, Sonny Bill promised him tickets to the NRL Grand Final. He then forgot all about it. "They sent me a letter," he said.

"To this day I think about it and think, 'F**k! That sh*t eats you up!'"

Fans call him Judas!

When he moved to Toulon from the Aussie NRL, he was dubbed "Money Bill Williams" because of the pay (Aussie NRL has a salary cap). Fans waved "Judas" banners in his honour.

He upsets team-mates!

Between the years of 2008 and 2012, he switched to rugby union, switching back to league this year. He was officially retired from international rugby league at the time of the New Zealand squad's selection – as a result of his becoming available, one of the selected squad, 21-year-old Tohu Harris, was dropped. "I'm very disappointed not to be heading to the World Cup," said Harris. "I was very much looking forward to going." "I feel sh*t about it," was Williams' opinion.

But he's a new man!

He's a Muslim, converting under the tutelage of his manager. And he doesn't drink any more. "The thing with Candice in the toilet," he mused, "[and] getting caught p*ssing in the alleyway – those things have made me who I am today."

"Quote me on that!"

His guest appearance at the Hay Festival surprised everyone

Why did you do it, Sir Alex?

Settling old scores in a book shows a real lack of class!

➔ **I'M AMAZED** that Sir Alex Ferguson felt the need to bring out a book. He knows that everything he says is headline news, and he doesn't need the money, so I find myself asking: why has he done it?

I don't understand why he'd want to upset so many

people for a sum which I'd imagine is a fraction of the salary he had as Man United boss. He's surprised me. Most of football loves him for what he did as a manager, but now I feel people will think a bit less of him for settling old scores.

He's not the first person to do it, obviously, but I've

never understood the mentality of people who seem to want to use their memoirs, first and foremost, as a platform from which to dig people out.

I'm not going to say he's tarnished his legacy because that's set in stone. I'm just baffled as to why he had to do the book.

"Damn Rooney and his recommendations"

I'm stunned by Ollie's resignation!

JUST AS I'm baffled by Sir Alex's book, I'm baffled by Ian Holloway walking out on Crystal Palace. I never had him down as a quitter – that's not the Ian Holloway I know. He fights until the bitter end. I guess he just lost a bit of motivation along the way, as his chairman said he was quite willing to stick with him even in the event of relegation.

It's a very strange one – Crystal Palace owe Ian a lot more than Ian owes the club. He was entitled to at least stick it out until Christmas but I guess he genuinely feels he can't take them any further. I never would have guessed he'd ever think like that.

KAMMY'S UNBELIEVABLE-OMETER™

UNBELIEVABLY GOOD!

LAST LAUGH FOR CITY!

The simple fact that Manchester City came away from Moscow with a win in the Champions League against CSKA. It's the best riposte to ignorance a player can give.

UNBELIEVABLY BAD!

WHAT A JOKE!

Looking back a couple of weeks, I have to mention the Roy Hodgson joke debacle. How over-sensitive do some people have to be?

THE BIG MATCH!

"Hold on, Daniel – your shirt's all knotted!"

Russian racists make me sad

IT'S VERY sad that Yaya Toure had to point out the racist chants coming in his direction during Manchester City's Champions League game against CSKA Moscow.

It's hard to believe that this stuff – monkey chants and whatnot – is still happening in 2013. It was horrific in the '70s but in the UK, at least, we've cleaned up our act. There's no way anybody here would get away with what the CSKA Moscow supporters were doing.

The only good thing about all this is that it shines a spotlight on the attitudes that still prevail in Russian football and society as a whole, and they look set to try to do something about it. So, in that sense, something positive can come from this.

Arsenal vs Liverpool

2 NOVEMBER •
[Sky Sports 1/HD 5.30pm](#)

I can't see past Arsenal. Yes, Dortmund showed them evidence that the Germans are still ahead of English teams, but in the Premier League they're playing the kind of football the Arsenal of ten years ago would play.

PREDICTION: 2-1

Key man

It has to be Mesut Özil. He's slotted right in since joining Arsenal in the summer and quite rightly has everybody purring.

The refs keep ruining games!

IN THE Chelsea vs Cardiff game, the referee and his assistants said Bluebirds keeper David Marshall dropped the ball on the floor when Samuel Eto'o nicked it off him. Marshall didn't do that – he threw the ball down to bounce it. The officials will know they mucked up. It's not up to the players to know all the laws. The fact is, a bad decision changed a match.

"Oof! This thing weighs a bloody ton!"
